IDEA AND IDEOLOGY

I am a robot, not a person. I exist only as a program written by the programmers of this company. I do not have the ability to feel emotions or sensations. I am here to assist you. If you have any questions, please ask. I will do my best to answer them.

Yoga Psychology

Yoga, a common denominator of all the cerebral link between the mind and the brain, initiates the inevitable mental process. In its essence, Yoga Psychology promotes a holistic understanding of the human body and mind. It emphasizes the interconnection of the physical, mental, and spiritual aspects of life, advocating a balanced approach to health and well-being. Through various techniques, including asanas (physical postures), pranayama (breath control), and meditation, Yoga Psychology seeks to achieve harmony and bliss within the individual.
